It's Official...We are a Clean, Green Marina

If you happened to drop by our Boaters' Lounge on December 6th and wondered why our Clean Marina Team was holed up with reams of documentation spread out before us, it's because we were undergoing our much-awaited Clean Marina California Inspection and Review. Well, I don't really mean to brag, but folks, we dazzled 'em. As a result, the Marina Recreation Association representative and the Review Team certified both of our marinas, Holiday Harbor-Cabrillo Marina and Holiday Harbor-Wilmington, as Clean Marinas! This distinction means that we provide our boaters with an environmentally clean marina facility, do our best to protect the waterways from pollution and that the day-to-day activities and operations enhance the environment and the water quality. When you see us flying our "Clean Marina" burgee and flag and displaying our certificate and decals, know that we do it with great pride.

Have a good one!

Didn't we JUST celebrate the millennium? Is it even possible that we're now embarking on 2008? We know that New Year's Resolutions usually last through January but this year, why not add "don't forget to visit your boat at least once a month to make sure that the float switch is switching and other precautionary devices are up to snuff." Okay, the rest of your resolutions you'll need to come up with yourself!

Doggie Convenience Bags

For those of you with four-legged companions, we continue to have an ample supply of Doggie Doo Bags available in our marina office and the good news is – they're FREE!

Slip Transfer Policy

In answer to several recent questions, we thought it might be helpful to re-iterate that slip transfers are not permitted upon sale of one's vessel. According to Paragraph 12 of your Marina Slip License Agreement: "No right of Owner under this Agreement may be transferred. Any attempted Transfer shall give marina the right to terminate this Agreement." ALL BUYERS MUST SUMIT A SLIP APPLICATION TO OUR MARINA OFFICE. Thank you for your cooperation

Marina Security

As always, it is our goal to offer a safe, secure marina to promote a pleasant recreational boating experience for all our boaters. In addition to the Security personnel who patrol our marina, it is also important to be vigilant about reporting any and all suspicious activity to ensure a pro-active approach to crime prevent. Please post the following numbers for easy reference:

Holiday Harbor Marina Office
Port Police

310-835-3952
310-732-3500

In Case of an Emergency

Did you notice the enclosed **Tenant Update Form** in this months mailing? No, it is not to be used for scratch paper. It may take a minute of your time to complete but anyone who has ever received a courtesy call from our office regarding a situation with their boat (i.e. bilge pump running, lights on, alarm sounding, etc.), understands the importance of providing current emergency contact numbers. If you'd like to include an e-mail address for good measure, that would suit us just fine.
